KAMON PETROL — COLOURWAY KAMON-PETROL

Kamon Petrol is a geometric lattice of interlocking circles inspired by traditional Japanese heraldic crests, from the Bancroft Lamorran collection. Digitally printed for intricate detail and depth of colour. Printed to order on an inherently fire retardant Panama base cloth, meeting BS5867 Part 2 Type C, making it suitable for commercial environments including care homes, hotels and healthcare settings.

FLAMMABILITY / FIRE PERFORMANCE
BS 5867 Part 2 : 2008

The UK classification for curtains, drapes and blinds in public buildings.

IMO FTP Code 2010, Part 7

Marine certification for cruise, ferry and offshore interiors.

This fabric achieves its fire performance through an applied flame-retardant treatment. Follow the stated care instructions — the treatment can be affected by incorrect laundering, and re-treatment may be required after cleaning.
