CHÂTEAU POMEROL — COLOURWAY CSP01

Château Pomerol is a hopsack-weave fire retardant fabric from Camira with a durable, structured texture, in a soft beige tone. Woven from 100% FR Polypropylene, it brings a contemporary, tactile finish to task seating and curtains with heavy-duty abrasion resistance.

## FLAMMABILITY / FIRE PERFORMANCE

## BS 5867 Part 2 : 2008 — Type B

The UK classification for curtains, drapes and blinds in public buildings.

## DIN 4102 — B1

German building materials classification.

## EN 1021 Parts 1 &amp; 2

Cigarette and match ignition resistance for furniture.

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.

FABRIC SPECIFICATION

|                |                                                                                   |
|----------------|-----------------------------------------------------------------------------------|
| COMPOSITION    | 100% FR Polypropylene                                                             |
| CONSTRUCTION   | Weave — woven                                                                     |
| DESIGN         | Textured                                                                          |
| COLOURWAY      | CSP01 — one of 1 in the Château Pomerol range                                     |
| WIDTH          | 140 cm                                                                            |
| WEIGHT         | 225 g/m <sup>2</sup>                                                              |
| PATTERN REPEAT | None — no match required                                                          |
| SEAMS          | Cut vertically — curtains wider than one cloth width are made from joined widths. |
| CARE           | Wipe clean · Bleach safe                                                          |
