LUMIS HALO GLACIER — COLOURWAY LHA01

Lumis Halo Glacier is a fine, wide-width sheer from Camira with a smooth, shimmery surface that gently filters light, made from recycled flame-retardant polyester. It brings a warm, soft luminosity and softened acoustics to hospitality and workplace interiors.

FLAMMABILITY / FIRE PERFORMANCE

BS 5867 Part 2 : 2008 — Type B

The UK classification for curtains, drapes and blinds in public buildings.

EN 13773 — Class 1

European burning behaviour classification for curtains and drapes.

IMO FTP Code 2010, Part 7

Marine certification for cruise, ferry and offshore interiors.

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.
