DELAUNAY SLATE — COLOURWAY DELAUNAY-SLATE

Delaunay is a small-scale geometric jacquard of light-catching faceted triangles that create a subtle three-dimensional prism effect, from the Edinburgh Weavers Contract Folder collection. Woven in inherently fire retardant yarn, Delaunay meets BS5867 Part 2 Type B, making it suitable for commercial environments including care homes, hotels and healthcare settings.

FLAMMABILITY / FIRE PERFORMANCE

BS 5867 Part 2 : 2008
The UK classification for curtains, drapes and blinds in public buildings.

B1 (Germany)

EN 13773
European burning behaviour classification for curtains and drapes.

IMO FTP Code 2010, Part 7
Marine certification for cruise, ferry and offshore interiors.

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.
