PATINA COCO-STEEL — COLOURWAY MK-K-33-19

Patina is an abstract design inspired by the natural oxidation, or verdigris, that forms on aged bronze and copper over time, from the Mallion & Knowles collection. Digitally printed onto a luxury velvet base cloth for rich colour depth, Patina Coco-Steel meets BS5867 Part 2 Type B, making it suitable for commercial environments including care homes, hotels and healthcare settings.

FLAMMABILITY / FIRE PERFORMANCE

BS 5867 Part 2 : 2008

The UK classification for curtains, drapes and blinds in public buildings.

This fabric achieves its fire performance through an applied flame-retardant treatment. Follow the stated care instructions — the treatment can be affected by incorrect laundering, and re-treatment may be required after cleaning.
