ASTRAL NICKEL — COLOURWAY ASTRAL-NICKEL

Astral Nickel is part of Panaz's Astral collection, a four-pass blackout drapery fabric that blocks light and insulates against heat and cold in a wide-width, linen-look weave. Made to measure as fire retardant curtains for hospitality and contract interiors.

FLAMMABILITY / FIRE PERFORMANCE

BS 5867 Part 2 : 2008

The UK classification for curtains, drapes and blinds in public buildings.

IMO FTP Code 2010, Part 7

Marine certification for cruise, ferry and offshore interiors.

NFPA 701

US vertical flame test for textiles used in interiors.

BS EN 13373

CAL Title 19

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.
