OBAN STEEL — COLOURWAY OBAN-STEEL

Oban Steel is part of Panaz's Oban collection, a four-pass blackout drapery fabric with FR backcoating, produced heavy-metals-free, latex-free and phthalate-free. Made to measure as fire retardant curtains for hospitality and contract interiors.

## FLAMMABILITY / FIRE PERFORMANCE

**BS 5867 Part 2 : 2008**

The UK classification for curtains, drapes and blinds in public buildings.

**EN 13773**

European burning behaviour classification for curtains and drapes.

**IMO FTP Code 2010, Part 7**

Marine certification for cruise, ferry and offshore interiors.

**NFPA 701**

**CAL Title 19**

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.

FABRIC SPECIFICATION

|                     |                                                                                                                                                                 |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| COMPOSITION         | 100% Polyester with FR Backcoating                                                                                                                              |
| DESIGN              | Textured                                                                                                                                                        |
| COLOURWAY           | OBAN-STEEL — one of 1 in the Oban Steel range                                                                                                                   |
| WIDTH               | 280 cm                                                                                                                                                          |
| WEIGHT              | 360 g/m <sup>2</sup>                                                                                                                                            |
| PATTERN REPEAT      | None — no match required                                                                                                                                        |
| SEAMS & RAILROADING | Cut vertically — curtains wider than one cloth width are made from joined widths. Railroaded, seam-free make-up can be quoted for drops within the cloth width. |

| CERTIFICATION          | FR compliance certificate supplied with each order for O&M records |

INDICATIVE MADE-TO-MEASURE PRICE

| HEADING      | FULLNESS       | PER LINEAR M OF TRACK | PER M <sup>2</sup> FINISHED CURTAIN |
|--------------|----------------|-----------------------|-------------------------------------|
| Pencil pleat | 1.75× fullness | £191.67               | £81.21                              |
| Eyelet       | 1.75× fullness | £215.00               | £91.10                              |
| Wave         | 2× fullness    | £227.08               | £96.22                              |
| Pinch pleat  | 2.5× fullness  | £388.75               | £164.72                             |

Indicative only, ex VAT. Rates are derived from the made-to-measure price of a 2.4 m track × 2.36 m drop curtain, divided by its track length and finished face area. Final pricing depends on dimensions, heading, lining, hardware and installation requirements. Confirm current rates at order.
