OLIVIER ASH — COLOURWAY 906

Olivier Ash is a bold, richly textured weave, from Panaz's Novello collection of directly fire retardant woven fabrics. Woven in the UK from inherently fire-retardant materials, it's the perfect choice for creating luxurious, safe, and durable curtains that enhance any hospitality or residential space.

FLAMMABILITY / FIRE PERFORMANCE

BS 5867 Part 2 : 2008

The UK classification for curtains, drapes and blinds in public buildings.

B1

IMO FTP Code 2010, Part 7

Marine certification for cruise, ferry and offshore interiors.

M1

NFPA 701

US vertical flame test for textiles used in interiors.

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.
