PLATFORM CRYSTAL — COLOURWAY 2004-CRYSTAL

Platform is a plain, wide-width sheer voile from Prestigious Textiles, woven in an inherently FR 100% polyester yarn. With no pattern repeat, Platform hangs with a soft, translucent drape that filters light beautifully — ideal for layering behind heavier drapery or as a standalone dressing in hotel, healthcare and hospitality settings that need fire retardant performance without sacrificing softness.

FLAMMABILITY / FIRE PERFORMANCE

BS 5867 Part 2 : 2008

The UK classification for curtains, drapes and blinds in public buildings.

EN 13773

European burning behaviour classification for curtains and drapes.

IMO FTP Code 2010, Part 7

Marine certification for cruise, ferry and offshore interiors.

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.
