SWATCH — COLOURWAY TANIMBAR-06

Tanimbar Frost is a fine wide-width voile from Sekers' Sunda collection in inherently flame retardant polyester. At 310cm wide it is used with the width forming the drop, for seam-free sheer curtains in hotels, care homes and healthcare settings.

## FLAMMABILITY / FIRE PERFORMANCE

**BS 5867 Part 2 : 2008**
The UK classification for curtains, drapes and blinds in public buildings.

**BS 5867 Part 2 : 2008 — durable after washing)**
The UK classification for curtains, drapes and blinds in public buildings.

**IMO FTP Code 2010, Part 7**
Marine certification for cruise, ferry and offshore interiors.

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.
