BLYTH BRAZIL — COLOURWAY BL23

Blyth is a textured plain dyed weave in the Brazil colourway, offering a versatile, hardwearing finish for curtains across hospitality, cruise and leisure interiors. Inherently fire retardant, Blyth meets BS5867 Part 2 Type B, making it suitable for commercial environments including care homes, hotels and healthcare settings.

FLAMMABILITY / FIRE PERFORMANCE

BS 5867 Part 2 : 2008

The UK classification for curtains, drapes and blinds in public buildings.

IMO FTP Code 2010, Part 7

Marine certification for cruise, ferry and offshore interiors.

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.
