ENGEL MIMOSA — COLOURWAY OR10

Engel Mimosa is a geometric jacquard weave from the Skopos Origami collection, woven at 170gsm and 305cm wide (wide width, can be railroaded) from 100% Trevira CS with a 16.5cm vertical pattern repeat. Inherently fire retardant, Engel meets BS5867 Part 2 Type B, making it suitable for commercial environments including hotels, care homes and healthcare settings.

**FLAMMABILITY / FIRE PERFORMANCE**
**BS 5867 Part 2 : 2008**

The UK classification for curtains, drapes and blinds in public buildings.

**IMO FTP Code 2010, Part 7**

Marine certification for cruise, ferry and offshore interiors.

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.

FABRIC SPECIFICATION

|                     |                                                                                                                                                                 |
