GIRAFFE MERCURY — COLOURWAY K2

Giraffe is a robust 100% Trevira CS weave in the Mercury colourway, part of Skopos's safari-inspired Karoo collection with a giraffe-skin inspired pattern. Woven at 308cm wide to give generous fullness with minimal joins, and railroadable for wide expanses. Inherently fire retardant, Giraffe meets BS5867 Part 2 Type B, making it suitable for commercial environments including hotels, care homes and healthcare settings.

FLAMMABILITY / FIRE PERFORMANCE

BS 5867 Part 2 : 2008

The UK classification for curtains, drapes and blinds in public buildings.

IMO FTP Code 2010, Part 7

Marine certification for cruise, ferry and offshore interiors.

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.
