LUNA AMBER — COLOURWAY L10

Luna is a 100% polyester 4-pass blackout fabric in the Amber colourway, with a double-sided textured face giving complete light exclusion for bedrooms, hotel rooms and healthcare interiors. Inherently fire retardant, Luna meets BS5867 Part 2 Type B, making it suitable for commercial environments including care homes, hotels and healthcare settings.

FLAMMABILITY / FIRE PERFORMANCE

BS 5867 Part 2 : 2008

The UK classification for curtains, drapes and blinds in public buildings.

IMO FTP Code 2010, Part 7

Marine certification for cruise, ferry and offshore interiors.

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.
