SWATCH — COLOURWAY 8090.01

IN SITU — FORMOZA FULL-DROP CURTAINS

Formoza is one of Vescom's first successful acoustic sheer curtain fabrics, woven from 58% FR polyester and 42% recycled FR polyester with a coloured vertical accent thread running through a transparent plain weave. Offering sound absorption (ISO 354, alpha w 0.80 pleated) alongside its light-diffusing sheer construction, Formoza is IMO certified and meets BS 5867 Part 2 Type C, making it well suited to floor-to-ceiling drapery in acoustically sensitive contract interiors such as hotels, offices and marine settings.

## FLAMMABILITY / FIRE PERFORMANCE

**BS 5867 Part 2 : 2008 — Type C**

The UK classification for curtains, drapes and blinds in public buildings.

**EN 13773 — Class 1**

European burning behaviour classification for curtains and drapes.

**IMO FTP Code 2010, Part 7 — Pass**

Marine certification for cruise, ferry and offshore interiors.

**DIN 4102 — B1**

**NF P92-503/507 — M1**

**NFPA 701 — Pass**

**CAN/ULC S109 — Pass**

**UNI VF 8456-8457 — Classe 1**

**Übereinstimmung — Pass**

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.

FABRIC SPECIFICATION

|                     |                                                                                                                                                                 |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| COMPOSITION         | 58% FR Polyester / 42% Recycled FR Polyester                                                                                                                    |
| CONSTRUCTION        | Recycled FR polyester with a coloured vertical accent thread running through a transparent plain weave — sheer                                                  |
| DESIGN              | Textured                                                                                                                                                        |
| COLOURWAY           | 8090.01 — one of 18 in the Formoza range                                                                                                                        |
| WIDTH               | 295 cm                                                                                                                                                          |
| PATTERN REPEAT      | None — no match required                                                                                                                                        |
| SEAMS & RAILROADING | Cut vertically — curtains wider than one cloth width are made from joined widths. Railroaded, seam-free make-up can be quoted for drops within the cloth width. |
| CARE                | Washable at 70°C · Do not tumble dry · Professional dry clean only                                                                                              |

CURTAIN SPECIFICATION

|                        |                                                                                   |
|------------------------|-----------------------------------------------------------------------------------|
| FABRIC MANUFACTURER    | Vescom                                                                            |
| CURTAIN MAKE-UP        | Made to measure in the UK by CreateFR, supplied ready to install                  |
