SWATCH — COLOURWAY 8081.09

IN SITU — TULA FULL-DROP CURTAINS

Tula is a subtle coloured melange structure with a dry, wooly look and feel, from Vescom's contract curtain collection. Woven from a sustainable blend of 60% recycled FR polyester and 40% FR polyester, Tula brings the warmth and texture of wool styling to a fully fire retardant, made-to-measure curtain fabric. Its understated melange character suits hotel, healthcare and marine interiors that call for tactile depth without pattern, while the recycled fibre content supports sustainability commitments on commercial specification projects.

FLAMMABILITY / FIRE PERFORMANCE
BS 5867 Part 2 : 2008

The UK classification for curtains, drapes and blinds in public buildings.

EN 13773

European burning behaviour classification for curtains and drapes.

DIN 4102

NFPA 701
CAN/ULC S109
UNI VF 8456-8457
Übereinstimmung (Germany)

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.
