DIFFUSE FR CHALK — COLOURWAY V3208/07

Diffuse FR Chalk is the namesake sheer of Villa Nova's Diffuse FR collection, its softly textured weave capturing the tactile nuance and fluidity of movement the range is known for. Finished in 100% Trevira CS, it filters light gently in a muted, neutral tone suited to contract and marine curtaining.

FLAMMABILITY / FIRE PERFORMANCE

BS 5867 Part 2 : 2008
The UK classification for curtains, drapes and blinds in public buildings.

BS 5867 Part 2 : 2008
The UK classification for curtains, drapes and blinds in public buildings.

EN 13773
European burning behaviour classification for curtains and drapes.

IMO FTP Code 2010, Part 7

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.
