JALI FR HYDRO — COLOURWAY V3281/05

Jali FR Hydro is a fire retardant sheer from Villa Nova's Diffuse FR collection, its finely textured weave softening light while holding a fluid, tactile drape. Finished in 100% Trevira CS in a muted neutral shade, it is a versatile choice for contract, marine and hospitality interiors.

FLAMMABILITY / FIRE PERFORMANCE

BS 5867 Part 2 : 2008

The UK classification for curtains, drapes and blinds in public buildings.

BS 5867 Part 2 : 2008

The UK classification for curtains, drapes and blinds in public buildings.

EN 13773

European burning behaviour classification for curtains and drapes.

IMO FTP Code 2010, Part 7

The flame-retardant performance is inherent to the fibre, not a surface treatment. It cannot wash out or wear off over the life of the curtain, and requires no re-treatment. Fire certificates are issued with every order.
